HOW TO HANDLE A BULLY

When mean ol' Rusty Jacks makes trouble, Kylie Bell remembers her family motto and handles the bully the best way she knows how. Here are a few tips from someone who is brave and smart and big at heart:

- ☉ Be brave. A bully may not be as scary as he or she seems.
- ☉ Don't worry. Have fun with your other friends. No use frettin' because one person is trying to ruin the fun.
- ☉ Sticks and stones may break your bones, but names can never harm you. Ignore a bully's name calling, and don't call anyone names yourself. You're better than that.
- ☉ Be polite. Ask the bully if he or she would like to join your game or your group. Maybe that bully's being mean because he or she feels left out.
- ☉ Be nice. Smile and say hello to your classmates every day. They'll all probably smile and say hello back. It's nice to be nice to the nice.
- ☉ Have fun at school. Learning is fun and it's best when everyone in the class gets along.
